BSA TENNIS TRIALS

Barwon Sports Academy Trials

Trials will be conducted by Tennis Victoria. This is the opportunity for talented tennis players in our region to show case their talents. Our selection panel will have prepared some background information for the talented players that are known to them, this is a chance for all players to put forward themselves for selection in this outstanding opportunity.

We have encouraged local coaches to put forward names of their talented athletes to trial and have requested they fill in an application form that provides further insight into individual players. This is simply for additional information and if not provided will not disadvantage any athlete.
